ABOUT ME

Hello, I am Roseanne McCartan, and I am a Senior Prefect. I am currently studying Drama, Business and Health and Social-Care. Drama is my favorite subject, and I hope to study a drama course at university next year. As a member of the student leadership team, I hope to involve more students in the Arts. I would love to incorporate a drama club in our school for younger students, especially in first year, as it builds so much confidence and would introduce students to a new media of the arts where they can make friends with similar interests and see a new talent within themselves. I hope to make this school a welcoming environment for all students and make them aware that they can talk to members of staff as well as members of the student leadership team about any problems/dilemmas they have, whether that be in or outside of school. Additionally, I will help students with any struggles they are facing regarding mental health, whether that be exam stress or just feeling overwhelmed. Finally, I want to make school an environment students feel happy and content in.
